Copy of Letter Doc.No.742/51 dated 9.8.51 from the Superintendent, Government Lady Goschen Hospital, Mangalore to this office.

Sub: Fencing between hospital compound and R.M.O'S quarters compound with barbed wires.

---- ----

I had called for estimates for execution of the above work as there was absolutely no protection from the stray cattle getting inside the hospital compound. Cattle getting into the R.M.O.'s quarters get access to the hospital compound and are found ~~xxxkxxx~~ walking about in the wards of the hospital and grazing in the hospital compound. Since this protection was quite necessary and an urgent one, I had accepted the lowest tender at a cost of Rs.491/- in anticipation of your sanction and ordered its execution.

The rates furnished in the tenders have been duly approved by the P.W.D. authorities and are reported to be reasonable.

I therefore request you to kindly accord your sanction for the execution of the work .

The letter of the D M S and its enclosure and the note of Health dept above may be perused. In this connection attention

ADDL. DEPUTY SECRETARY TO GOVERNMENT 29 AUG 1951 PUBLIC WORKS DEPARTMENT

is invited to G.O. MS 1732 P.W. dated 15.8.40 which lays down that all proposals for construction of compound walls and for provision of iron wire fencing should be submitted to Govt. In the present case it is seen that the Superintendent, Lady Goschen Hospital, Mangalore had himself called for tenders and accepted the lowest tender (Rs 491) in the D.M.S. has requested that Govt may accord sanction to the work in question and also to relieve the action of the Superintendent in having taken up the work in anticipation of sanction of Govt. Health may be requested to draw the attention of the D.M.S. to the orders in force in regard to barbed wire fencing so that such irregularities may at least be avoided in future. Besides there is no information in the file regarding the head of account to which the expenditure is debitable. As the work has been executed departmentally the expenditure would have been debited to the allotment under Medical not under P.W. With these remarks the case may be returned to Health U.O. who may be requested to return the file after obtaining the above information through Finance.

As the expenditure is debitable to S.O. a civil work

31.8.51

As this work has already been taken up for execution this dept. has no objection to the proposals of the D.M.S. But action may be taken as suggested
